

# THE STREISAND TEAM

## *realtors edge*

*Edge* is about smarts. It's about understanding your clients' needs. It's about seamlessly transitioning from offer to closing. The Streisand Team at Sterling National believes that the best way to create this environment is through strategic partnerships, in which business growth will be mutually beneficial.

We are a mortgage company that thinks outside the box. We understand that there's no such thing as a cookie cutter approach when it comes to lending. Sometimes securing a loan takes creativity. It takes a team that knows mortgages inside and out.

The Streisand Team is committed to securing an appropriate loan for your client. We will maintain a product line that will always allow us to choose the best financial solution. We will manage all relationships so that our time and effort will allow our realtor partners to maximize their time, while increasing their sphere of influence. We will foster a professional environment so that your client will, at every opportunity, consider our services to be an essential referral.

Our team constantly reviews what is necessary to complete the process. We will keep you and your client in the loop and communicate all the way through. We will hold your client's hand -- as loose or as firmly as need be. You will be confident in knowing the loan is proceeding as planned. The Streisand Team will be there for you every step of the way, from pre-approving prospects through closing and beyond.

We would like to offer your clients a *free consultation*, and hope you'll consider recommending us. We'd love to partner with you, so that we can keep one another apprised of news, trends and business opportunities in our respective industries.

I encourage you to give us a call today to open up a dialogue -- so that we can give one another that *edge*.
